STAY CHARGED WITH LIFETIME BATTERY PROTECTION

Coverage that keeps up with your adventures.

We've all been there—bike's looking clean, gear bags packed, ready to roll... and click. That dreaded dead battery moment. This is exactly why **Aegis' Lifetime Battery Protection**, with optional **Roadside Assistance**, is a game-changer.

Whether you're tearing up trails, heading out for 18 holes, or hitting the road for a cross-country tour, don't let a dead battery ruin your day. Batteries are one of the most common issues over a vehicle's lifetime—protect your plans and your ride.

With **Aegis' Lifetime Battery Protection**, regular maintenance, use of a battery tender (when recommended), and smart off-season storage, you'll stay charged and ready for whatever adventure is next.

LIFETIME BATTERY PROTECTION

For Powersports Vehicles, Gas & Electric Golf Carts / LSVs

- Lifetime OEM battery coverage
- Nationwide protection
- Unlimited mileage
- No expiration date
- \$0 deductible
- Battery tender benefit at vehicle purchase*
- Fast, simple claims process

COMMON REASONS BATTERIES FAIL:

- Manufacturing defects - Early failure from quality issues
- Lack of use - Sitting idle leads to battery degradation
- Sulfation - Build-up in lead-acid batteries from being undercharged
- Extreme temperatures - Cold slows performance, heat evaporates fluid
- Vibration & impact - Rough rides can affect internal battery connections

Ride More. Worry Less. Stay Charged with Aegis.
